

## Thank You!!!

Over the last few weeks, I have traveled through the West Area, and every place I go, there is someone asking about how things are with the “new house” at camp. I’m glad to tell you that the whole project is coming along wonderfully well!

Thanks to so many of you out there, the financial side of buying the new caretaker residence at Camp Kum-Ba-Ya is in great shape. As of last week, the numbers looked like this:

Purchase of the house	\$73,000.00
Gifts already received for the project:	\$50,462.83
Loan for the house:	\$43,000.00
Gifts and pledges for the loan:	\$ 6,000.00

All that remains is the balance of \$16,537.17. This amount will completely pay off the loan and the project will be completed! Thank you, thank you, friends for all the gifts you have given, for all the challenges you have brought to various groups in the Area, for all the ways you have actually had fun gathering money for this house.

### **You are Awesome!!**

As we gear up for the camping season this year, we are so glad that our caretaker, Dale and his spouse, Rhonda will be on site at Camp KBY. They have brought a lively spirit and a wonderful sense of care and attention to this place that is so special to several generations of Disciples.

There is so much for which to be grateful in this time and place. You have found the joy in coming together and making a huge difference in the operation of our camping program and our fine facility on Kentucky Lake. There will be pictures soon, and we know you will wish our caretakers well as they move into their new home at the camp.

Your gracious gifts, your ongoing concern for the camp, and your willingness to help Disciples of all ages have a meaningful, holy time are reasons for great celebration! Thank you on behalf of all of us Disciples in the West Area—from Glasgow to Wickliffe, from Owensboro to Russellville! You are doing marvelous ministry! Thank you! Gracias! Beth

As we speak, the final preparations for moving the new double-wide home are being completed.
