## LAKE LIFE AT KBY

Camp Kum-Ba-Ya & Retreat Center is set in 45 wooded acres on beautiful Kentucky Lake in Marshall County, about 12 miles northeast of Benton. Our camp accommodates up to 120 persons for lodging, and our dining hall can seat 75 for meals and gatherings.

## LOTS OF SPACES FOR FUN

Our camp offers canoes, kayaks, lifejackets, volleyball, basketball, tether ball, four square, soccer, gaga ball, disc golf, fishing poles (bring your own bait), picnic shelters, woodland worship areas, a lakeside fire circle, board games, and even a popcorn machine for movie nights in the Billy Williams lodge.

## NEW ALL-SEASON CABINS AND RUSTIC CABINS

Camp Kum-Ba-Ya has ten insulated all-season cabin rooms with finished interiors and heating and air conditioning. Each room can accommodate 12. Our three rustic, two-person cabins near the lodge allow for a short walk to the heart of the campground. Window air-conditioning units keep these cabins cool during the warm summer months.

Two rustic A-frame cabins each have six beds. We are excited to have plans for two future retreat cabins that will offer living spaces and ensuite restrooms. Please contact us to inquire about overnight accommodations available for your stay.

## THE PAVILION

The pavilion is a large-group gathering and outdoor picnic area with lighting, ceiling fans and a focal-point fireplace.

## THE BILLY WILLIAMS LODGE

Our lodge offers a commercial kitchen, a large dining or meeting room to accommodate 75 persons, and two break-out meeting rooms for events in any season. With two showers in each restroom, the breakout rooms can serve as dorm rooms for 12 overnight guests. Our WIFI, projector and television make this a nice space for training events, movie nights, or video conferencing.

## THE DOCK

Our dock on Kentucky Lake provides a memorable place to see the sunset, catch fish, tie up your boat, or canoe and kayak.

## NATURE TRAILS

Bring your walking shoes for a hike around our nature trails. You may see deer, eagles, and a variety of flora and fauna.
